MEMORANDUM

March 7, 1977
CI-156-WEW-77-035 ✓

TO: F. G. Daniel, CI-015 (52-16)

FROM: W. E. Wilber, CI-156 (35-30)

SUBJECT: DC-10 DAC FURNISHED MATERIAL FOR UNDERWING FILLETS TO
CONSTRUCCIONES AERONAUTICAS, SPAIN

COPIES TO: W. M. Butts, CI-326 (2-20); W. Geltman, CI-156 (35-30);
E. B. Johnson, CI-151 (52-39); J. B. Kelso, CI-151 (52-50);
R. P. Lyon, CI-320 (2-14); J. E. Roberts, CI-321 (2-14);
J. D. Rosa, C6-401 (C6-15); L. Sprecher, CI-721 (52-11);
✓ H. J. Veneroso, CI-726 (52-11); A. J. Woods, Jr., CI-151 (52-50)

This memorandum is to alert all concerned parties to the requirement at Construcciones Aeronauticas, S.A. (CSA), Spain for DAC furnished temperature sensitive, shelf life-limited materials. These materials must be procured and processed for shipment in a manner which will ensure their receipt at CSA in the freshest possible condition and with the maximum usable shelf life remaining. This office must be notified in a timely manner of the flight number and date of arrival of each shipment at Madrid-Barajas Airport so that CSA personnel can meet the airplane and expedite this material through customs.

Attached are listings of the material denoting the approximate quantities and need date at CSA for each shipment. These listings will be revised as required to meet manufacturing rate changes initiated by DAC.

Contract Parts-Material Orders' (CPMO) will be submitted to stores for withdrawal of material approximately one week prior to listed need dates.
